Web Announcement 2011

Professional Anesthesia Services Claims Billing Instruction

Professional claims submitted for anesthesia services must be submitted with a value in minutes.

- Claims submitted with units instead of minutes that are within timely filing should be adjusted to reflect a value of minutes and unit type of minutes.
- Claims submitted with units instead of minutes that are outside of timely filing should first be voided. After the void has been processed, the claim should be resubmitted to reflect a value of minutes and unit type of minutes along with an attachment referencing this web announcement and the Internal Control Number (ICN) that was initially billed with units. These resubmission steps must be completed by December 31, 2019.
